## THE POLITICAL NEWS

General Buckner to Get His Reward.

BRYAN GOES TO DENVER CITY.

Colorado People Will Receive Mr. Bryan on Nov. 24.

## A GOLD DEMOCRAT.

FRANKFORT, Ky., Nov. 7.—It is stated on the authority of Republican leaders in this state that Simon Bolivar Buckner, the Democratic nominee for the vice-presidency will be strongly recommended to president-elect McKinley, for one of the foreign missions, probably Italy.

## SOUTH DAKOTA.

YANKTON, S. D., Nov. 7.—With the state complete, except Hamlin and McPherson counties and three unorganized counties on the reservation, Bryan has a plurality in South Dakota of 45. Hamlin and McPherson will give McKinley a plurality. The reservation counties are expected to go for Bryan. It will take an official canvass to designate an electoral vote.

## TALKS TO THE EAST.

LINCOLN, Neb., Nov. 7.—Bryan gave out today the following telegram, addressed to the Eastern bimetallicists: "In the hour of defeat I send you greetings. No words of praise can sufficiently commend you. When I remember that the Eastern states sent gold delegates to both conventions and that nearly all Eastern papers were against bimetallicism, your fight appears remarkably creditable. You have shown yourselves heroes and events will vindicate the position you have taken."

## GOES TO DENVER.

Bryan is receiving numerous telegrams and letters in response to his address calling upon the advocates of silver to continue their efforts, assuring him of their co-operation. He has set the 24th inst. for a reception to be tendered him by the people of Denver.

## KENTUCKY.

LOUISVILLE, Nov. 7.—With official returns from 106 of 119 counties, and unofficial returns from the remainder, McKinley now leads Bryan in Kentucky by 452 votes. Official returns in thirteen counties are not expected materially to alter the totals given. Silver Democrats are still claiming the state, basing their claim on only 13,949 plurality for McKinley in the eleventh congressional district. They give no table of vote by counties. On the other hand Republicans based on figures by counties of the eleventh district, and only two counties unofficially, estimate total 14,480. Complications have arisen that will likely divide the electoral vote on a basis of 12 for McKinley and 1 for Bryan, due to the fact that a large number put a stencil mark opposite the name of the first elector, instead of under the party device, thus causing the head of each ticket to run ahead of their colleagues. In this way the foremost Democratic elector, W. B. Smith, gets more votes than the hindmost Republican elector. Betterston the Bryan end says this prevents the McKinley men from winning and raises an interesting point. However, all bets are held up until the state canvassing board has made out.

## TENNESSEE.

NASHVILLE, Nov. 7.—The gubernatorial returns received by Banner, from all but ten counties give Taylor, Democrat, majority 2750 over Tillman, Republican. The counties to be heard from gave Evans a majority of 345 in 1894.

## DELAWARE ELECTION.

WILMINGTON, Nov. 7.—Although the Republicans carried Delaware by almost 4,000 for the head of the ticket, McKinley will receive but two of three electors, unless the matter is taken into the courts. This result is due to a factional fight in the Republican ranks. On the regular Republican ticket the name of one elector appeared as "James G. Snow," while on the union Republican ticket was printed the name "James G. Shaw Sr."

## BUTLER'S CIRCULAR TO THE PEOPLE.

WASHINGTON, Nov. 7.—Senator Butler today issued a circular to the people, of the United States, in which he says the People's party war the only party that supported solidly and unitedly the great and vital issues represented in the candidacy of Mr. Bryan. The position of the People's party in this great contest has convinced every patriotic American that the party can be trusted to stand for the principles of good government and the interests of the people under any and all circumstances. Therefore the peoples party will be a nucleus around which the patriotic hosts must and will gather to redeem the betrayed republic and restore prosperity to the oppressed and outraged people.

## THE WAVE BEGINS.

PITTSBURG, Nov. 7.—The Carnegie steel company limited at a meeting today, resolved to proceed with building two additional blast furnaces. The total expenditures at the works are authorized to exceed one and a quarter million dollars. It was decided to push to completion a new railroad to the lakes, requiring an expenditure of three and a half million dollars. Carnegie also accepted the bids today, for the erection of a new library and hall, at Homestead, to cost \$25,000. He said he was so certain of the country entering upon a period of prosperity, that he was willing to spend his surplus.

A NEW FIRM.—Since the dissolution of the partnership of Hamilton & Moir, Mr. Hamilton has associated with him C. Marsh, who for some time has had the sale of all lands in the Willamette Valley belonging to the Scotch mortgage companies, and for some time has been secretary of the Willamette Valley Immigration Bureau. The business now will consist of loaning money, investment agency, selling lands, and making collections. Office in Room (5) five Bush Bank Block.

## LOOKING FORWARD.

Teller Thinks Free Coinage Will Yet Succeed.

SENATORIAL ASPIRATION.

Election Returns Coming In Very Slowly.

## TELLER LOOKS AHEAD.

DENVER, Nov. 7.—Senator Teller arrived here yesterday. In an interview he said:

"I do not think the Republican party will do anything for silver in the coming four years. The declaration of the St. Louis platform amounts to nothing with a limitation put upon it. Besides that, the men who dictated the St. Louis platform are opposed to bimetallicism, international or otherwise. McKinley, it seems to me, has shown by his speeches that he would be the advocate and the supporter of the gold standard, on the ground that it is a better standard than bimetallicism. During the four years to come I expect to see the Republican party abandon all pretense to a desire to secure international bimetallicism, and the contest will be between the gold standard supporters and the organized hosts of bimetallicism. I think that four years from now the people will be sufficiently educated to understand the danger of the gold standard, and the party that stands for bimetallicism in 1900 by the United States alone will be successful. There is no reason why we should not be encouraged. Our candidate was all we could desire, and performed his part. We must not look backward, but forward."

## SENATORIAL ASPIRANTS.

TOPEKA, Kan., Nov. 6.—Simultaneously with announcement of the success of fusion in Kansas comes the announcement of six aspirants for the seat in the United States senate to succeed William E. Pepper, whose term expires March 3, 1897. Senator Pepper wired from Washington announcing his candidacy for re-election. Ex-Senator L. D. Lewellyn, Populist State Chairman J. W. Breidenthal, R. L. Turner, Colonel W. A. Harris and George Munger are also talked of for commissioner.

ROCKFORD, Ill., Nov. 7.—Friends of Colonel Thomas G. Lawler, ex-commander-in-chief of the Grand Army of the Republic, will urge his name to President-elect McKinley for the appointment of commissioner of pensions when the proper time arrives. He is one of the most popular men in the Grand Army organization and while at its head visited every state in the Union.

## COQUILLE CITY WON.

MYRTLE POINT, Or., Nov. 7.—Though Coos county will give Bryan a small majority, a careful comparison of the vote with that of last June shows that the Republicans have gained much.

## Refused a Good Job.

OMAHA, Nov. 7.—Mr. Bryan sent the following reply to a telegram from Messrs. Siegel, Cooper & Co., of New York, offering him \$25,000 a year to attend to the law business of the firm:

"During the next four years I expect to devote as much time as possible to the advocacy of bimetallicism, and therefore cannot consider the proposition made by you I appreciate the confidence which your offer implies."

AN EVENING OF FUN.—On Monday, November 6, at Unity church, Miss Annie M. Kavanaugh, the humorist, will present some character sketches. She will be assisted by Prof. Heritage, Mrs. Holland and others. Mrs. Kavanaugh comes here from a very successful engagement in and around San Francisco.

## Wm. J. Bryan's Address.

Document to Bimetallists That Will Make History.

Mr. McKinley's Letter to Mark Hanna Does Not Mention Protection or Labor.

LINCOLN, Neb., Nov. 6.—Bryan today gave out the following:

To bimetallicists of the United States: "Conscious that the millions of loyal hearts are saddened by temporary defeat, I beg to offer a word of hope and encouragement. No cause ever had supporters more brave and devoted than those who have espoused the cause of bimetallicism. They have fought from conviction, and have fought with all the zeal which conviction inspires. Events will prove whether they were right or wrong. Having done their duty as they saw it, they have nothing to regret. The Republican candidate has been heralded as the advance agent of prosperity. If his policies bring real prosperity to the American people those who opposed him will share in that prosperity. If on the other hand, his policies prove an injury to the people generally, those supporters, who do not belong to the office-holding class, or to the privileged class, will suffer in common with those who opposed him. The friends of bimetallicism have not been vanquished; they have simply been overcome. They believe the gold standard is a conspiracy of the money changers against the welfare of the human race, and until convinced of their error, they will continue the warfare against it. The contest has been waged this year under great embarrassments and against great odds. But in spite of the efforts of the administration and its supporters, in spite of the threats of money lenders at home and abroad, in spite of the coercion practiced by the corporations on employees, and in spite of the trusts and syndicates, in spite of the enormous Republican campaign fund, and in spite of the influences of the hostile daily press, bimetallicism has almost triumphed in its first great fight; but bimetallicism emerges from the contest stronger than it was four months ago. I desire to commend the work of the three national committees, which have joined in the management of this campaign. They have laid the foundation for the future success and they will be remembered as pioneers when the victory is at last secured. No personal or political friend need grieve because of my defeat. My ambition has been to secure immediate legislation, rather than enjoy the honors of office.

Therefore defeat brings to me no feeling of loss. Speaking of the wife who shared my labors, as well as for myself, I desire to say that we have been amply repaid for all that we have done, in love by millions of our fellow-citizens so kindly expressed. In the knowledge gained by personal contact with the people and in broadened sympathies we find full compensation for whatever efforts we have put forth. In the face of the enemy rejoicing in its victory, let the roll be called for the engagement, and urge all friends of bimetallicism to renew their allegiance to the cause. If we are right, as I believe we are, we shall yet triumph. The year 1900 is not far away. Before that year arrives, international bimetallicism will cease to deceive. Before that year arrives those who have called themselves gold standard Democrats will become bimetallicists and unite with our party or come Republicans and thus open enemies. Before that year arrives, trusts will have convinced still more of the people that a trust is a menace to private welfare and to public safety; before that year arrives, the evils of the gold standard will be even more evident than they are now and people will be ready to demand an American financial policy for American people and will join with us in the immediate restoration of free and unlimited coinage of gold and silver at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation."

## McKinley's Address.

CANTON, Nov. 7.—President-elect McKinley sent the following dispatch to Mark Hanna:

"Canton, Nov. 5.—Hon. M. A. Hanna, Waldorf hotel, New York.—Your message announcing the result of the election has been received. I beg you to accept my hearty thanks for your great services in the cause of sound money and protection throughout the campaign now closed and gloriously won. They were most generous and effective, and will receive the warm approbation of your countrymen everywhere. I will be pleased to have you convey to your associates of the national committee my high appreciation of their efficient services."

"The people in their majesty, ignoring party lines, have declared their detestation of repudiation and dishonor, in whatever specious guise they may be presented. They have with the same mighty power, affirmed their devotion to law and order, and their undeviating respect for justice and the courts. They have proclaimed the unfaltering determination to support and uphold the constituted authorities of the country, and have thereby given new vigor and strength to our free institutions. They have indeed, again consecrated themselves to country and baptized the ordinance of free government with a new and holy patriotism. The victory is not of party or section, but of and for the whole American people. Not the least of the triumph of the election is the obliteration of sectional lines in the republic. We have demonstrated that we are a reunited people in purpose as in name. We have manifested in the great cause the spirit of fraternity and brotherhood that should always characterize our common and equal citizenship, and have proven conclusively that in a country of equal privileges and equal opportunity the insidious doctrine of hate, or of class, or sectional distinctions cannot prevail. Let us, as Americans, straightway devote ourselves to the rebuilding of America; to the peace, honor and glory of our common country. Party dissensions should no longer divide or rack the public mind, nor the zeal or temper of either side deter any citizen from patriotic devotion to the good of all."
